APPRECIATING DIFFERENCE • APPRÉCIER LA DIFFÉRENCE

Organisation des Nations Unies pour l'éducation, la science et la culture
Arrondissement historique du Vieux-Québec inscrit sur la Liste du patrimoine mondial en 1985

FIRST CIRCULAR - INVITATION - PREMIÈRE CIRCULAIRE

On behalf of the Canadian Association of Geographers and the Université Laval, North America's oldest French-language university, we are pleased to invite you to Québec City to participate in the 2018 International Geographical Union Regional Conference to be held in Canada from **August 6 to 10 2018**.

APPRECIATING DIFFERENCE

Apprécier la différence is a common Québec expression that serves as the theme of the 2018 meetings. To appreciate is not only a question of what we find significant and of value, it is also an awareness of differences and the ability to recognize them as meaningful to a more inclusive interpretation of the diversity of the world in which we live.

THE CONFERENCE

- Wide variety of field excursions combining human and physical geography
- Environmentally sustainable conference
- Opportunities to network with geographers from across the world
